

ABOUT NEIGHBOURHOOD & HOME WATCH

Neighbourhood Watch, known in some areas as Home Watch, is one of the UK's largest voluntary movements, covering approximately 3.8 million households.

The overall aim of the movement is to bring neighbours together to create strong, friendly, active communities where crime and anti-social behaviour are less likely to happen.

We believe everyone has the right to feel safe where they live. Our vision is for a caring society, focused on trust and mutual respect. One in which people live in communities enjoying a good quality of life, safe from crime and fear.

Neighbourhood and Home Watch is a partnership between the community and the police.

It has been proved that Neighbourhood and Home Watch schemes help to reduce crime and keep people safer in their homes and communities.
